

Midterm Exam Information

- Date: Friday, October 16
- Location: **SAL 101**
- Time: 4:30~6:30 PM (Sessions 1 & 2),
- Time: 6:30 ~ 8:30 PM (Sessions 3, 4 and 5 and those students from sessions 1 and 2 who have a conflict with other classes. Those students **MUST** drop by my office to sign a sheet and present **PROOF** of conflicts (Your registration form).
- **Local** DEN students can attend any session of their choice. **Remote** DEN students will be contacted by DEN regarding the time of their exams. Their exams will be proctored on location.
- Just to make things clear, NO body taking the exam in the first slot is allowed to leave the exam before it is over. So if you finish the exam early, you would stay in the room until the time slot has expired (Just like the Synchronous TDM!!!)
- Exam is closed book, closed notes with only one 5"x7" (both sides) formula sheet (Post Card Size) allowed. There should not be any definitions, graphs, etc. in your cheat sheet, just equations. If you are not sure whether some information you may need is allowed to be written contact me (NOT the TAs). A calculator with new (fresh) batteries is required! All questions on the Midterm must be addressed to me **ONLY** (TAs have **NOTHING** to do with midterms)
- Exam will cover all material discussed up to and including the discussion sessions scheduled on Wednesday, October 14. The material covered on Thursday, October 15 will **NOT** be included in exam. You are responsible for all lecture notes, discussion session notes, and Textbook readings (Questions from ALL these sources will be in exam)
- Format of Exam:
 1. T/F
 2. Fill-in Blanks (Quickies: Short Analytical Problems)
 3. Analytical (Throughput, Delay, Bit/Transmission Rates, Bandwidth, Switching, Modulation, Multiplexing, Error Detection and Control and Flow Control)
- Material included:
 - a) Class Notes (Up to and including lecture on October 13)
 - b) Discussion Session Notes (Up to and including October 14)
 - c) Chapter 1: Entire
 - d) Chapter 2: Sections 2.1 ~ 2.5, 2.7, 2.8
 - e) Chapter 4: Sections 4.1, 4.2
 - f) Chapter 5: Sections 5.1, 5.2, 5.4
